FIGHT TO BE WAGED TO THE BITTER END

No Compromise or Arbitration In Longshoremen's Strike.

STRIKERS EQUALLY DETERMINED

Any Amount of Money Has Been Authorized To Be Expended to Fight Strike—Action of Longshoremen Is Praised.

New York, May 20.—Announcement is made that the finance committee of the International Mercantile Marine company has approved any act previously done by its officers, and has ordered that the strike of the longshoremen be fought to the end.

The commission has also taken from every officer the power of compromise or arbitration, and has authorized the expenditure of any amount of money to carry out the agreement entered into with 35 other deep sea lines, to fight the strike. Among those at the meeting at which this action was taken were J. M. Morgan, Jr., and Charles Steele and J. Bruce Ismay.

The strikers show the same determination as the companies do to fight it out, and the prophecy in some quarters that they would be starved into submission has not yet materialized.

The men generally are orderly. A number of them who were congregated on the river front Friday night awaiting developments, assisted to save thousands of dollars' worth of freight during the big fire on the Southern Pacific pier which caused a loss of half a million dollars. They are receiving much praise for this action.

HAYWOOD TRIAL.

Another Week May Elapse Before the Jury Box Is Filled.

Boise, Idaho, May 20.—With five peremptory challenges exhausted out of twenty; with thirty-two talesmen to be examined, eleven talesmen in the box awaiting peremptory challenges and one still under examination for cause, the case against William D. Haywood, charged with the murder of former Governor Steunenberg, opened Saturday morning with small prospects of a jury being completed before the end of next week.

Monday will see the beginning of the second full week of the jury-getting period. It is quite possible that the present venire will have been exhausted before a jury has been secured. Should this prove to be the case, it is even likely that the third week will be entered before the jury box is full, and the case begins in earnest.

The storm raised over the published interviews with Harry Orchard seems to have almost subsided.

RETIRED CAPITALIST KILLED.

In Collision of Auto and Wagon, a Chicagoan Loses Life.

Chicago, May 20.—In a collison between his automobile and a wagon, William McClintock, a retired capitalist, was almost instantly killed Friday. His wife and little son were with him, but escaped injury.

William K. Kreig, an artist, who was sitting in the front seat with Mr. McClintock, was bruised.

The accident was said to have been due to the confusion of William Pennington, driver of the wagon, who twice drove his horse in front of the machine and frustrated Mr. McClintock's efforts to dodge him.

Mrs. McClintock and Mrs. Krieg say the automobile was going slowly.

Pennington was arrested.

Mr. McClintock's death bordered on the heroic. According to the police he threw himself in the path of the shaft, which otherwise would have struck his wife.

Four Men Badly Scalded.

Pittsburg, Pa., May 20.—Locked in the steam room of the Washington Park natatorium Friday night four men were badly scalded by a sudden pressure of steam. Three of the victims were visitors, and the fourth an attendant.

PRINCELY LOVE AFFIAR.

Romance Recalled by the Death of Prince Charles of Hohenloe.

Berlin, May 20—The death of Saltzburg Friday of Prince Charles of Hohenlohe Langenburg, recalls a princely love affair which had a long and happy sequel.

Prince Charles was the eldest son of Prince Ernest, and was heir to the headship of his house, but immediately after his father's death in 1860, he renounced all his right and the large family estate so as to be able to marry Marie Grathwohl, a beautiful girl of the people. His rights passed to his brother, Prince Hermann, now viceroy of Alsace-Lorraine.

The morganatic marriage of Prince Charles was solemnized in Paris in 1861. The couple lived in the greatest happiness for forty years, the wife dying in 1901. The king of Wurtemburg ennobled her in 1890, conferring on her the title of Baroness von Bronn.

Prince Charles was born in 1829. He was a major in the Wurtemburg army and a knight of the Order of St. John.

FEDERAL JURY TO TRY CASE.

First Capital Case to Come in Judge Speer's Court in Years.

Macon, Ga., May 20.—A special grand jury has been drawn for the hearing of the case of murder against Thomas Battle, the man who Thursday became involved in a fight with D. M. Berry, a foreman on the federal building, which resulted in the latter's death.

United States Marshal George F. Whites instituted the proceeding which put the case properly before the United States court. District attorney Akerman and Assistant R. E. Storrs will be in charge of the prosecution. John R. Cooper will appear for the defense.

Battle is a southern confederate, having gone through the war in company C.

This is the first capital case coming into Judge Speer's court in many years, and the officials are watching the proceedings with no little interest. The man is now behind the bars in Bibb county jail, a federal prisoner.

Sportman's Club Formed.

New York, May 20.—Admirals, generals, men of business and men in the professions have formed a sportsmen's club to own and conduct duck and quail preserves in North Carolina. The club was organized in a meeting held in the Rocky Mountain club. Grover Cleveland is a director of the club and among the men who will serve with him are Rear Admiral Robley D. Evans, Rear Admiral Thomsa Perry, General Jas. A. Buchanan and Commodore E. C. Benedict. Thirty-three members are enrolled. The name given by the organization is the Ocracoke club.

Strike Ends in Killing.

New York, May 20.—One man was shot and instantly killed, and another wounded as a result of a row growing out of the longshoremen's strike in Hoboken Friday. The dead man was Harry Marshall, a bystander. The man who fired the shot and who himself was wounded while resisting arrest, is Benjamin Vincent. Vincent is about 35 years old, and is said to have been employed by a detective agency on one of the docks affected by the strike. Vincent narrowly escaped lynching at the hands of a crowd of angry strikers before he was taken to a police station.

Pay of Officers Increased.

Atlanta, May 20.—The most important action of the convention of the Brotherhood of Railway Trainmen in session here, was the decision on Friday to increase the salaries of all officers 10 per cent. This includes grand master, grand secretary and treasurer, assistant grand master, five grand masters and a number of subordinate officials. The election of officers occurred on Saturday.

Heir to Throne Baptised.

Madrid, May 20.—The baptism of the heir to the Spanish throne, Prince Alfonso, of Asturias, who was born May 10, occurred in the private chapel of the palace here at noon Saturday.

COMMITTEE PROBES AFFAIRS IN 'FRISCO

Investigating Municipal Government.

SOME OFFICIALS MAY LOSE JOBS

Thorough Inquiry Into the Conditions That Eixst in Various Branches of the City Government—To Make the Necessary Changes.

San Francisco, May 20.—Notwithstanding the many contradictory stories told about the scope and power of the committee of seven, it is now generally conceded that the administration of municipal affairs in this city is at least to some extent in its hands.

In a written agreement Mayor Schmitz has bound himself, it is said, to carry out any request which this committee, made up of representatives of five leading commercial organizations of the city, may make of him, and the committee already has begun an investigation into the conduct of the police department and will gradually extend the scope of its actions to other branches of the municipal government. Its object is to make a thorough inquiry into the conditions that exist in various branches of the city government and to make such changes in personnel and methods as shall be judged necessary.

"We hold Mayor Schmidt's written promise to carry out the wishes and instructions of the committee in administering the affairs of the city," said F. W. Van Sicklen, a member of the committee of seven.

"Mayor Schmitz has not resigned. All reports to the contrary are erroneous. If we demand the removal of the chief of police or any commissioner or any official connected with the city government he must remove those whom we designate or go back on his written promise. The only hold we have on him is his promise. If he disregards that, we can do nothing, but I believe he will do anything the committee asks. I believe that he is not only willing, but anxious to do what we want."

THIRD DAY'S SESSION.

Presbyterians at Columbus Send Their Greetings to Birmingham.

Birmingham, Ala., May 20—At the opening of the third day's session of the Presbyterian church in the United States Saturday, devotional exercises were conducted by Rev. H. W. Hoon, of San Antonio, Tex., assisted by Dr. J. P. McMillan, of Citronnelle, Ala., Rev. H. Tucker Graham, of Gramville, Va., and Rev. J. P. Robertson, of Sherman, Tex.

Moderator Howerton read the following telegram dated at Columbus, O.: "The general assembly of the Presbyterian church in session at Columbus, O., sends fraternal greetings to the national assembly of the Presbyterian church in the United States in session at Birmingham, Ala. Read Ephesians, fourth chapter, and thirteenth verse."

The telegram was signed by William Henry Roberts, moderator. The scriptural reference noted in the dispatch refers to Paul's exhortation to unity.

Western Union Tax Returns.

Atlanta, May 19.—The annual tax returns of the Western Union Telegraph company were made Friday to Comptroller General W. A. Wright. The company returns its total property in Georgia at $1,030,240, of which $360,280 represents the franchise. This is an increase of about $200,000, as compared with the return of last year.

Shaft Erected to Lester.

Savannah, Ga., May 20—The family of the late Rufus E. Lester, congressman from the first district, has just erected a tall granite monument to his memory in Bonaventure cemetery. The memorial possesses that quiet dignity befitting the memory of a man who was so well liked and who had served his people in so many capacities.

DEATH SENTENCE FOR LYLE.

Man Charged with Killing Wife and Babe Must Pay Penalty.

Waycross, Ga., May 20.—Friday Judge Thomas passed the sentence of death on Harry E. Lyle, convicted of the murder of his wife, Eula Lyle, and his four-months-old babe.

Not for seventeen years has a death sentence been passed in the court house of Ware county, and the scene Friday was made more impressive by the tolling of the bell in the tower above.

Lyle will be hanged on Friday, June 21, between the hours of 10 a. m. and 2 p. m.

The Lyle jury stood on the first ballot eight for conviction and four for a recommendation to mercy, the second ballot resulting in a unanimous verdict sentence.

Meets in Augusta, Ga., Next.

Savannah, Ga., May 20.—The convention of the Episcopal diocese of Georgia came to a close Friday afternoon. Next year the convention will take place in Augusta, but at that time the convention will be representative of but one-half the churches in the state. At about the same time probably, the first convention of the northern diocese will be held. The meeting of the general convention of the church will be held in Richmond in the fall, and the division of the diocese of Georgia, which was voted Friday, will be ratified. Immediately thereafter or as soon as organization of the diocese can be effected, the northern diocese will be effective.

Shooting Occurs in a Saloon.

Atlanta, May 20.—Charging that he was hit with an empty whisky bottle, M. F. Lyon, a bartender, on Friday night shot W. H. Faith, a saloonist, in the left breast while standing in the Globe saloon on Broad street. The real cause of the shooting, it is alleged, is the result of some recent arrests that were made by the police in which Lyon figured. Faith, although very seriously wounded, was never unconscious and talked freely about the matter while waiting for the ambulance. The attendants at the infirmary state that the saloonist is seriously wounded but will not die.

One Hundredth Anniversary.

Milledgeville, Ga., May 20.—The city of Milledgeville is making elaborate preparations for celebrating the one-hundredth anniversary of the first meeting of the general assembly of Georgia in what was then the new capital of the state. The celebration is set for Wednesday, May 29th, and will be held in connection with the commencement of the Georgia Military college, whose home is in the old capitol building.

He will assume charge of the church on the first of June. He has been presiding over a flock since he was 15 years of age, and has for the past four years been serving various churches as temporary pastor, pending the completion of his course in school.

Acquitted of Murder.

Eufaula, Ala., May 20.—News has just been received that the jury in the case of the states gainst W. E. Houston, who was indicted here during April by the grand jury for murder in the second degree, returned a verdict of acquittal at Clayton, at which place the trial was held. He shot and killed George Ball on the night of March 9, at Clayton, while trying to arrest him.

Cuban Filibusters.

Havana, May 20.—Reports have reached here through the Colombian government that a filibustering expedition against Columbia is being formed near Cienfuegos. The ship Des Moines has been ordered to the scene to watch for the expedition. The plotters against President Reyer, it is stated, have purchased a quantity of arms left over from the revolution in Cuba a year ago.

KNOX IS CHOICE OF THE KEYSTONE STATE

Republican State Convention to Endorso U. S. Senator.

WILL MEET ON THE 6th OF JUNE

Roosevelt Will, It Is Said, Be Gratified at Convention's Action, Because He Will Regard It as an Endorsement of His Policies.

Chicago, May 20.—A dispatch to the Tribune from Washington, D. C., says:

United States Senator Philander C. Knox is to be endorsed by the Republican state convention of Pennsylvania which meets on June 6, as the choice of the Keystone State for president in succession to Theodore Roosevelt.

This news reached Washington Friday and is known to the president. The resolution naming Mr. Knox will present him to the country as the man who most completely meets the demand for a successor to Mr. Roosevelt, who will take no backward step in the enforcement of the policies for which the present administration stands.

It can be said authoritatively that President Roosevelt will express gratification over the action of the convention because he will regard it as an endorsement of his policies. Senator Knox was attorney general in Mr. Roosevelt's cabinet, and initiated the Northern Securities and other cases which have reflected credit upon the administration and, moreover, has sided in the passage of legislation which the president desired.

YOUTH PROVES A HERO.

Seventeen-Year-Old Boy Loses Life in Saving that of Brother.

Dallas, Ga., May 20.—Hugh Starr, the 14-year-old son of J. G. Starr, of this city, was crushed to death by the Southern vestibuled train from Atlanta, on a trestle here Friday in the presence of his mother, and just after a heroic effort, he pitched his little brother to safety.

Starr and his mother were walking along the track, accompanied by young Starr's little brother. They had just crossed the trestle, when they heard the approaching train. Starr looked back and saw that the little boy had dropped behind and was some distance out on the structure. Rushing back, he seized the little fellow in his arms and made a desperate effort to carry him off. When the train was upon him, young Starr pitched the little boy to safety and at that moment was crushed to death himself. His body was mangled beyond recognition.

The little boy had his arm broken by the fall, but his injuries are not thought to be serious.

Tragic Death of Griffin Man.

Griffin, Ga., May 20.—News has reached here of the tragic death of Winslow Doe, son of Mr. and Mrs. Charles R. Doe, of this county. He was working on a water tower at Lawrenceburg, N. C., when he lost his footing and fell to the ground, being killed instantly. He was 21 years of age.

Kicked by Horse, Boy Dies.

Atlanta, May 20—Friday afternoon Cook Brantley, 13 years old, was kicked on the head by the horse he was trying to ride, and died from the injuries in less than an hour's time. The little boy was the son of W. N. Brantley, who lives near East Lake. The father was formerly a conductor on the Central of Georgia railway.

SUNDAY'S SERMON WAS VERY FINE

Dr. Craighill Was Eloquent on His Commencement Discourse.

TABERNACLE WAS CROWDED

The Audience Was a Large and Representative One—Students of Four Classes Attended in Body—A Most Interesting Program.

One of the largest and most representative audiences gathered in Gainesville for some time was that which assembled in the big Tabernacle Sunday evening, the occasion being the service commemorating the opening exercises of the commencement of the Gainesville Graded and High School for 1907. The commodious building, which has the largest seating capacity of any in the city, was comfortably filled, the occasion being a union service of the Methdist, Episcopal, Presbyterian and Baptist churches.

The students of the four classes of the High School, under direction of Prof. Tom F. McBeath, the principal, and Miss Gussie Miller, his assistant, marched into the building about 8 o'clock and occupied seats to the front.

The services, which were presided over by Rev. T. J. Nixon of the First Methodist church, were opened with the song, "Holy, Holy, Holy," by the combined choirs of the city, in which the congregation joined, after which there was a scriptural reading and prayer by Mr. Nixon. There was another song, "Onward, Christian Soldiers," after which Mr. Nixon presented Rev. Francis H. Craighill of Holy Trinity Episcopal church, who was to deliver the commencement sermon.

Dr. Craighill took for his text a passage, Apostles 6:9, "Lord, What Wilt Thou Have Me Do?"

The passage seemed particularly fitted to the occasion, and for twenty-five minutes or more the speaker dwelt most eloquently and impressively upon the duty of the coming men and women of this country, stating that education was the base of good and moral judgment in every branch of life and commerce. His advice to the young men and young women before whom he had the privilege and honor to appear, was coped in language not only eloquent, but extremely brotherly and impressive. Dr. Craighill, though probably the youngest ordained minister in Florida, is one of the best and most masterly speakers, handling his subject in a pleasing, interesting and impressive manner. His address upon this occasion was no exception, and was appreciated by his hearers.

Following this discourse there was an impressive prayer by Rev. Thos. P. Hay of the First Presbyterian church, followed by the doxology and benediction.

The ushers were Masters Gibbs Chesnut, John Bennett, Thomas Dean, Alpheus DaCosta, Hardy Jarvis and Clark Evans, all students of the eighth grade.

Commencement Exercises.

The commencement exercises, which will be held at the auditorium of the school on Friday evening, the 24th inst., promise to be among the most interesting ever seen here. The program, which has already appeared in The Sun, will be published again in due time.

Beautiful Resolutions.

Be it resolved that whereas our Heavenly Father, by His wisdom and mercy, has taken unto himself the sweet spirit of our sister and co-worker, Mrs. Minnie L. Gleason, that we, the Rocky Point Sunday school, take this means to tender our sympathy and love to the bereaved ones. Our Sunday school will miss her sweet presence and gentle ways each Sunday, and it is with heartfelt sorrow we view her empty place.

She was a true and loving wife, a perfectly devoted mother, and a true Christian. The passing of her dear spirit is only a sad reminder that some day, somewhere, we too, will be called, and may we all be as prepared for the summons as our sister. The beautiful Christian life which she lived while here will be an example to the loved ones left, and also to sorrowing friends.

May that gentle mother's love, and pure Christian life, be a bright star to guide the footsteps of the dear husband and children to the throne of God.

Be it further resolved, that a copy of these resolutions be sent to Mr. G. A. Gleason, the bereaved husband, and also The Gainesville Sun.

SLEEP BROKEN BY ITCHING ECZEMA

Skin of Whole Body Covered for a Year—Awful Itching Kept Sufferer Awake Half the Night—Tried All Kinds of Remedies but They Had No Effect.

CUTICURA REMEDIES A PERFECT SUCCESS

"I wish to let you know that I have used one set of Cuticura Remedies—one cake of Cuticura Soap, one box of Cuticura, but two vials of Cuticura Resolvent Pills—which cost me a dollar and twenty-five cents in all. For a year I have had what they call eczema. I had an itching all over my body, and when I would retire for the night it would keep me awake half the night, and the more I would scratch, the more it would itch. I tried all kinds of remedies, but could get no relief. A friend of mine told me to try the Cuticura Remedies which I did, and am very glad I tried them, for I was completely cured. If any of my friends should be troubled with the same disease, I will cheerfully recommend the Cuticura Remedies, and if I know any one who wants to know how I cured myself, I shall be glad to tell them. Walter W. Paglusch, 207 N. Robey St., Chicago, Ill., Oct. 8 and 16, 1906."

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

S.S.S. RIDS THE SYSTEM OF MALARIA

Malaria is an atmospheric poison which we unconsciously breathe into our system. The blood in its constant passage through the lungs absorbs the germs, and they destroy the rich, red corpuscles of this vital fluid and reduce it to such a weak, watery condition that it is unable to properly nourish the system, and disease gets a foothold. Then the symptoms of Malaria, such as pale, sallow complexions, weak vitality, poor appetite, deranged digestion, and perhaps chills and fever show that the trouble is affecting every part of the body. Malaria also affects the liver, producing a chronic state of biliousness, and often a long spell of fever follows when the blood becomes fully contaminated with the poison. Chronic Sores and Ulcers, boils, aches and pains, and skin affections of various kinds often result from this insidious disease if the poison is allowed to accumulate in the blood in sufficient quantities. Malaria must be removed from the system through the circulation, and for this purpose nothing equals S. S. S. This great remedy goes down into the blood and drives out all germs, mitrobes and poisons, and permanently cures Malaria. S. S. S. not only cleanses the blood of the cause, but furnishes it with the healthful properties it needs, so that instead of a weak, germ-infected stream, spreading disease throughout the system, it becomes a rich, red fluid, nourishing the body and enabling it to resist disease. S. S. S. is also the greatest of all tonics, and builds up and invigorates the entire system while ridding the blood of the germs of Malaria. Persons who are suffering from Malaria will be pleased with the prompt and pleasant results produced by the use of S. S. S., and can take it with confidence because it is an absolutely safe medicine, being free from harmful minerals of any kind. ...ENT INTO HOUSE; GOT INTO TROUBLE

Peculiar Action of Two Greek Laborers Caused Excitement.

LADY FIRED UPON THEM

Was Seated Upon Piazza With Her Daughter, When She States the Men Boldly Approached Her—Husband Struck One With Brick.

The usual quietude of the heart of the residential section of the city was suddenly disturbed Sunday night about 9 o'clock, when the report of two pistol-shots rang out upon the still night air.

The report attracted neighbors to the scene, when the lady of the house of a certain family was seen standing erect on the front piazza, with smoking revolver in hand. In the dim distance, dodging under the rays of the electric lights, could be outlined the fleeing figure of two men.

The story goes that at the hour named the lady and her daughter were accosted by two Greeks, a pair of the gang who recently came here from Tarpon Springs to work on the sewer ditches. The ladies were seated upon the piazza, when the men approached them boldly. The elder lady was preparing for any emergency, for she stated that the men had been hanging around the vicinity of the house all during the afternoon, at times staring significantly in. They created a suspicion at the time, and inasmuch as she had seen them pass a time or two in the shade of the evening she went upon the porch prepared to resent any probable insult which might be offered.

When the Greeks, whose names could not be learned, owing to hieroglyphics and foreign accent of pronunciation, approached the steps, the lady leveled her revolver and fired twice, but neither shot took effect.

In the meantime the husband of the lady, who was in the house at the time, appeared upon the scene with a brick-bat, which proved very effective, as it was well directed and struck one of the men in the face. They managed to make their escape, however, but Officer Arnow was notified and arrested them an hour later. They were placed in prison, but secured bond and were released for their appearance before the mayor Monday morning.

When the hour arrived for trial the man who was hit by the brick was suffering so intensely that he was unable to appear, and the cases were postponed until this morning at 9 o'clock.

These Greeks cannot speak a word of English, hence their motive in entering the place is a mystery. It may be that they will be enabled to explain to the court through their interpreter this morning.

LAND GRABBER KNOCKED OUT

Special to The Sun:

Tallahassee, May 20.—The House bill of Mr. Willis of Levy, seeking to annex a strip of Alachua and Marion counties, came up this morning on its final passage.

Speaker Matthews gave the author an opportunity to withdraw it, but he refused, when Judge Carter proceeded to score Willis in a terrific manner for introducing the bill and advancing it to its third reading when he was ill in bed.

The bill was indefinitely postponed by a unanimous vote.

Gainesville Charter Bill.

Governor Broward this afternoon signed the bill amending the charter of Gainesville.

The Senate voted down the Beard bill relating to the drainage and reclamation of swamps and overflowed lands, by a vote of sixteen to eleven.

A BIG SENSATION IN SPRING HILL

Usual Quiet of Sunday Night Disturbed by Shooting Scrape.

JACKSON GOT THE LOAD

Stated that Two Gordons and Jackson Became Involved in Three-Cornered Row, Which Ended in Painful Wounding of the Latter.

The Spring Hill section, a negro settlement bordering the city on the southeast, showed up with her share of the sensations Sunday night, but instead of a knife at a festival, as was the case in Southwest Gainesville, this aggressor wielded first a whiskey bottle, then a gun, if reports are true, with the result that Hector Jackson was compelled to have a load of bird-shot picked out of his side.

The statement of those who should be in possession to know is to the effect that Chas. Gordon and Hector Jackson, the man who was wounded, were indulging in a little John Barleycorn in an old field.

Jim Gordon, a younger brother of Charles, came upon the scene, when a war of words passed between Jim and Hector in regard to some trivial matter. Without formality Hector suddenly struck the younger brother over the head with a stick, dazzling him for an instant. Instantly it is said that Charles Gordon threw a partly filled bottle of liquor at Jackson, which came in contact with some obstacle and was broken. The fact that Hector had lost his "booze" in this reckless manner caused anger to rise to the top of his head, and he proceeded to finish the job up with a shot-gun, conveniently near. The contents of both barrels of the fire-piece, which was loaded with bird-shot, were discharged, one charge taking effect in Jackson's side.

Gordon managed to get away, when neighbors summoned Dr. Clyde Carter, who dressed the wounds and left the victim in as good condition as could be expected under the circumstances.

Gordon was arrested by Marshal Arnow in the vicinity of the Seaboard Air Line depot at daylight Monday morning. He was arraigned before the mayor's court upon a charge of discharging firearms in the city limits, and assessed a fine of $5, afterwards being turned over to the county authorities, where a charge of assault with intent to murder will be entered against him.

FOR OUR READERS.

To Prove That Hyomei Will Cure Catarrh, Every Reader of The Gainesville Sun Can Have Special Guarantee.

If there is any doubt in your mind as to the power of Hy-o-mei, the medicated air treatment, to cure all catarrhal troubles, the remarkable offer made by J. W. McCollum should expel that doubt. He gives his personal guarantee with every dollar outfit of Hy-o-mei he sells, to refund the money unless it gives satisfaction. He takes all the risk of cure, and no reader of The Gainesville Sun can afford to suffer longer with catarrh when an offer like this is made.

With every Hy-o-mei outfit is a neat pocket inhaler, and Hy-o-mei breathed through this inhaler, reaches the most remote air-cells of the nose, throat and lungs, destroying all catarrhal germs, and soothing and healing the irritated mucous membrane.

Hy-o-mei really gives you a health-giving climate in your own home, so that when you breathe its medicated air, your nose, throat and lungs will be filled with air like that on the mountains high above the sea level, where grow balsamic trees and plants, which purify the air with their volatile antiseptic fragrance so healing to the respiratory organs.

You will notice relief and benefit from the first use of Hy-o-mei, and it will not take many days' treatment to convince you that in this remedy you have found a complete and lasting cure for all catarrhal troubles.

Women Avoid Operations

MISS ROSE MOORE

When a woman suffering from female trouble is told that an operation is necessary, it, of course, frightens her.

The very thought of the hospital, the operating table and the knife strikes terror to her heart.

It is quite true that these troubles may reach a stage where an operation is the only resource, but a great many women have been cured by Lydia E. Pinkham's Vegetable Compound after an operation has been decided upon as the only cure. The strongest and most grateful statements possible to make come from women who by taking

Lydia E. Pinkham's Vegetable Compound

made from native roots and herbs, have escaped serious operations, as evidenced by Miss Rose Moore's case, of 307 W. 26th St., N. Y. She writes:-

Dear Mrs. Pinkham:-"Lydia E. Pinkham's Vegetable Compound has cured me of the very worst form of female trouble and I wish to express to you my deepest gratitude. I suffered intensely for two years so that I was unable to attend to my duties and was a burden to my family. I doctored and doctored with only temporary relief and constantly objecting to an operation which I was advised to undergo. I decided to try Lydia E. Pinkham's Vegetable Compound; it cured me of the terrible trouble and I am now in better health than I have been for many years."

This and other such cases should encourage every woman to try Lydia E. Pinkham's Vegetable Compound before she submits to an operation.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised.

STROBHAR CASE AGAIN IN COURT

State Strikes Motion of the Peculiar Latin Plea.

TO BE ARGUED TODAY

State Attorney Long Will Make Strong Argument to Strike the Plea, While Strobhar's Counsel Will Fight to Sustain it—Monday's Session.

The third week of the spring term of the Circuit Court for the Eighth Judicial Circuit, His Honor J. T. Wills presiding, with State Attorney A. V. Long, was called at 2 o'clock Monday afternoon, and after the selection and empanelling of a jury, the case of the State vs. Shed Blake, charged with selling liquor in a dry county, was taken up.

The defendant in this case, being in open court, was arraigned and pleaded not guilty. Jury called and sworn, evidence and argument submitted, and verdict of not guilty returned.

There was a civil case disposed of, being that of T. E. Owens vs. Killebrew & Garner, assumpsit, in which the defendants were permitted to file an amendment plea.

Court then adjourned until Tuesday morning.

The Strobhar Case.

Probably the most important proceeding of the court today will be a motion by State Attorney Long to strike the plea of "andre fois acquit," the plea of J. N. Strobhar, defendant in a case in which he is charged with embezzlement by the Atlantic Coast Line. The motion will be argues this morning, beginning at the opening of court, and will no doubt be a masterly effort on both sides. This latin term, the plea entered by the defense, means,translated, "former acquittal on same charge." The defendant was acquitted in the courts of Fulton county, Ga., on this identical charge, and his counsel are contending that a man cannot be tried twice upon the same charge.

The court-room will likely be crowded this morning, as the defendant, who resided here for many years, was a very popular man.

RHEUMATISM CAN BE CURED.

That rheumatism is one of the most obstinate of diseases most physicians will declare, and that once it takes firm hold upon the human system its victim is in for a period of great suffering is equally true. Modern methods in medicine are, however, doing much to rob rheumatism of its terrors, and doctors of wide experience say that in the treatment of the disease great success follows the faithful use of these prescriptions: Have a good druggist prepare anti-rheumatic tablets composed of 2½ grains Sodium Bicarbonate, 3 grains Salicylic Acid and 1 minimum Wine of Colchicum. Take one of these tablets before each meal, following it immediately with a glass of water. After each meal take one tablespoonful of a preparation of ¼ oz. Fluid Extract of Buchu, 1 dram Fluid Extract of Horse Nettle, 1 oz. Amet Cordial, ¼ oz. Fluid Extract of Liverwort and 14 ozs. water. Any first-class pharmacy can compound these prescriptions. The treatment, which should be continued for a month, is reported to work wonders, even in cases that resisted other medicines.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. An Indiana paper says that Fairbanks is carefully nursing his presidential ambition in his own bosom. Evidently he has an idea they will keep best in cold storage.

If it is true that President Roosevelt is urging Congressman Burton of Ohio to run for Speaker against Uncle Joe, there will be a fight that will make the Republican edifice tremble.

Pete, the White House bulldog, has discovered that he has been too officious since sentence of banishment has been proclaimed, yet his master would have a kindly feeling for such an offense.

Democrats are cowards at home and traitors abroad was Theodore Roosevelt's opinion not long since, and yet John Temple Graves wants the Democratic National Convention to nominate him for President.

There was some talk of recommending Boss Cox of Ohio for the next Nobel Peace Prize. But subsequent developments make it more likely that he will be a candidate for one of the Carnegie hero medals.

It seems that the British Empire wants to float a new issue of consuls, just as Mr. Harriman is preparing to float out $111,000,000 more of Union Pacific bonds. Looks as though this were a case of an irresistible force meeting an immovable object.

It might be well for the several claiments of John Smith's who are claiming direct descent from the mighty captain to look up the history in the case, by which they would find that he did not marry Pocohontas, or anybody else, for that matter.

The opinion of Gov. Woodruff of Connecticut of the Republican Legislature of that State is that it is "lobby ridden" and he admitted that if he could get one bill passed in the public interest, he would be performing a miracle." Turn the rascals out.

The postoffice law authorities are now laughing over a good joke on themselves. It seems that there has been a lot of fraud with matrimonial advertisements in the Middle West. An enterprising lady, Mrs. Lancaster and her daughter Garnet, were at the bottom of it, and after some trouble the postoffice inspectors ran them down and subpeonaed one of Miss Garnet's victims to testify against her. But she was wise and married the man in question the day they were to be brought into court, and now as he is her husband, he of course cannot testify against her.

The National Association of Democratic clubs was organized to promote Jeffersonian Democracy, but as Mr. Hearst continues to hold on to the Presidency of the clubs, in spite of invitations to resign because he has declared for independent political action, the clubs would now seem to be an annex of the Independent League. This attempt to use the political organization for the benefit of an individual does not jibe with the much vaunted political honesty of Mr. Bryan, but smacks more of Republican machine methods to claim every-thing and cuss the Democrats.

TALLAHASSEE LETTER.

Tallahassee, Fla., May 20.—The Legislature now has only eleven working days in which to complete the work before it. The calendars of both the Senate and House are the largest the writer has ever known to be the case so late in the session, and it will be simply an impossibility to "clear the docket." Two pending bills made special orders for this week—drainage and State life insurance—will consume much of the remaining time, and more than one member is doomed to see some of his pet schemes die upon the calendar.

One of the greatest mistakes people make in reference to legislative matters is in not acquainting their Senator and Representatives as to what they would like enacted into law earlier in the session. Take, for instance, Alachua county. Several appeals have been received during the past week for relief by the passage of bills, whereas the facts in the case should have been made known to the Senator and members of the House early in the session. This class of legislation is hard to get through at any time, and is never permitted to be "railroaded" through when money is to come out of the State treasury.

It would seem that the State should be as honest with its citizens as the commonwealth requires the people to be in dealing with each other, but this is not the idea of a majority of the committee on claims. The State sold an individual a tax certificate on a certain piece of land in Alachua county, upon which it was afterwards found the taxes had been paid and the certificate should have been cancelled. If such a transaction had occurred between individuals the injured party could have obtained redress through the law, but the State cannot be sued, so a bill for relief is introduced. The committee on claims, however, promptly recommend that the said bill "do not pass," claiming that the purchaser should have known what he was buying before he paid for it. So the State takes $24.16 of a poor man's money and gives him a worthless piece of paper for it.

The weather has been very pleasant during the past week, except for two days' rain. The clay of this section is muddy during wet weather, and travel on foot is very disagreeable. In this respect we prefer the sand of East Florida to the clay of Middle Florida.

H. H. M'CREARY.

The new branch of the Geological Survey has inaugurated an investigation of interest to every State where mining is done, and that is in almost every State of the Union. It is to start a special experiment station where there will be tested different brands of explosives under different conditions of use to see which are least capable of igniting the dangerous mine gases and causing explosions. Various types of safety lamps are to be tried including a number that have been brought from abroad where they are supposed to be more advanced in the art of safe mining than we are in this country. Tests also will be made of special smoke jackets with which men can go into burning or gas-filled mines and rescue imprisoned comrades without waiting for the mine to be cleared by the fans. This would save hundreds of lives annually, could it be done. A number of other important safety devices for mining are to be tried immediately and others will be taken up as they are developed. This is a branch of Government work that has never been done before, and one that is badly in need of doing.

Senator Tillman says there is nothing doing as to the second place on the Democratic ticket.

BISHOP SATTERLEE'S ADDRESS.

What was about as near a sensational address as a conservative minister often makes, was delivered last week by Bishop Satterlee, the Episcopal Bishop of Washington, at the convention of the diocese just held. It is an address likely to gain wide publicity and create talk in the North, though in the South the acts are too well understood to cause any comment except from the fact that a bishop uttered them. He devoted the major part of his address to the race problem and said, as everyone in the southern part of the country is keenly aware, that it was the most pressing problem before the American people. What he said that will hurt and what is sure to cause a lot of talk in the North was that the negro race was distinctly an inferior race, mentally, morally and physically, that suffrage was a failure, having been tried for forty years and having failed utterly to make equals with the white race out of people who were radically inferior. He said some more true but not at all diplomatic things about the childish efforts of the race to grasp social equality through money, land holding and education, and added that while he would cheerfully give the negro race all the advantages in these lines they could have, nothing that they could do would ever make them anything but what they were—a race below the standard of the white.

Further, and this is likely to cause adverse comment in the Episcopal Church, he said that the Methodist system of local preachers and class leaders was just the thing needed to reach the mass of the colored population, and he formally recommended the organization of a local preacher system among the colored people within the jurisdiction of the Episcopal Church. The experiment will be watched with a great deal of interest in Washington, which has the largest negro population of any city in the world and where anything that could be done to lighten the race curse would be an unmixed blessing.

TENDERED RESIGNATION.

Dr. Wills Would Not Serve on Temperance Committee.

Columbus, O., May 20.—The first indication in the general Presbyterian assembly of the smouldering but threatening question of temperance, came Saturday when Dr. David Wills, Jr., of Oswego, N. Y., appointed Friday by Dr. William H. Roberts, moderator, handed in his resignation with an absolute refusal to serve on this committee. He gave as his reason that he did not care to be at the head of a committee which will be the bone of contention and the target for the shafts of those opposed to the report.

When interviewed later at the Southern hotel on his resignation, however, Dr. Wills said that he resigned because of reasons that he did not care to discuss.

"It was not because of the merits of the case," he declared. He admitted, however, that he did not come here to quarrel.

The report of the conventoin on interstate temperance will probably be made next Friday, but the discussion of the temperance question will be lively up to that time. Professor Scanlon, of Pittsburg, is directing the committee work. There is strong opposition to the anti-saloon league, many commissioners declaring that they will not vote to continue the work of this league. Many believe that the young and old people's societies should take up the work of the anti-saloon league within the church. The friends of the league among the commissioners are flatly against the church's coming out as not in favor of the league within the church. The friends of the league among the commissioners are flatly against the church's coming out as not in favor of the league. They are giving many reasons why the league should be supported.

PROGRAM ANNOUNCED.

Twenty-Third International Christian Endeavor Convention.

Boston, May 20.—Announcement was made at the Christian Endeavor headquarters in this city Saturday of the program of the twenty-third international Christian Endeavor convention to be held at Seattle, Wash., July 10-15. Rev. Francis E. Clark, president and founder of the organization, expects to be presiding officer.

Routing business will be first disposed of at a meeting Wednesday afternoon, July 10, including the election of officers, after which the annual meeting of the board of trustees will be held.

The informal exercises will take place early in the evening in the auditorium at which will come General Secretary Shaw's inauguration and address and the annual address of President Clark.

Among the prominent speakers provided for are George Nicholls, M.P., London, England; William Phillips Hall, president of the American Bible League, New York; Von Ogden Vogt, secretary of the World's Christian Endeavor Union, and the Rev. Dr. W. I. Chamberlain, former president of the United Society of Christian Endeavor for India, Burmah and Ceylon.

One of the features of the convention will be the singing of Handel's oratorio of the Messiah in the auditorium Saturday evening July 13, by a chorus of 1,500 voices and an orchestra of 150 pieces. Nearly every state in the union will be represented by some speaker.

Club Man Shoots Driver.

Washington, May 20.—Gaston Philip, of New York and Washington, prominent clubman, early Saturday shot and dangerously wounded Frank B. Mockabee, a night carriage driver, with whom he had been spending the night. Philip was arrested. Philip and Mockabee reached the Arlington hotel in Philip's automobile. The chauffeur says the men were quarreling on the way to the hotel over a commission Mockabee alleged to be due him presumably for Mockabee's services as a guide.

Boy Found Dead in Alley.

McDonough, Ga., May 20.—Amon Knight, 16-year-old son of W. D. Knight, was found dead in an alley. The cause of his death is unknown. Dr. J. G. Smith and Dr. B. W. Scott examined the body, but could find no cause for death. He is the son of a prominent merchant here. He sold a package and wrapped it up and left the store and in about five minutes was found dead in the alley by his father's delivery boy.

Will Not Be Abolished.

St. Petersburg, May 17—The council of the empire, or upper house of parliament, has rejected the bill which was passed April 30, by the lower house abolishing trials by court-martial.

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heartburn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at its formula will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of the following native American forest plants, viz., Golden Seal root, Stone root, Black Cherrybark, Queen's root, Bloodroot, and Mandrake root.

The following leading medical authorities, among a host of others, extol the foregoing roots for the cure of just such ailments as the above symptoms indicate: Prof. R. Bartholow, M. D., of Jefferson Med. College, Phila.; Prof. H. C. Wood, M. D., of Univ. of Pa.; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago; Prof. John King, M. D., Author of American Dispensatory; Prof. Jno. M. Scudder, M. D., Author of Specific Medicines; Prof. Laurence Johnson, M. D., Med. Dept. Univ. of N. Y.; Prof. Finley Ellingwood, M. D., Author of Materia Medica and Prof. in Bennett Medical College, Chicago. Send name and address on Postal Card to Dr. R. V. Pierce, Buffalo, N. Y., and receive *free* booklet giving extracts from writings of all the above medical authors and many others endorsing, in the strongest possible terms, each and every ingredient of which "Golden Medical Discovery" is composed.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. They may be used in conjunction with "Golden Medical Discovery" if bowels are much constipated. They're tiny and sugar-coated.

Will Vote on Bond Issues.

The last issue will be for the purpose of aiding in the best way possible the movement to extend the campus of the university and improve the agricultural college.

Lawyer's Tragic End.

Cleveland, O., May 20.—The body of Albert V. Taylor, an attorney 40 years old, of Bedford suburb, was found early Saturday wedged between the platform and the railroad tracks at the Pennsylvania railroad station in Bedford. It was supposed that Mr. Taylor was struck by a train and killed. He was a son of former Congressman V. A. Taylor. He practiced law in Cleveland and was prominent in temperance work.

Queer Weather Forecasting.

One of the rites performed by the French peasants on New Year's eve is the forecasting of the weather for the coming year by means of onions. When the bells ring for midnight mass they scoop out the middles of twelve onions, set them in a row on the kitchen table, fill them with salt and name them for the months of the year. Then when they return from mass they examine the condition of the salt. If it has melted in any of the "months," those months will be rainy; if the salt remains dry, it indicates drought; if half melted, the first fortnight of the month will be wet. The peasants have such implicit faith in this means of foretelling the weather that they plant their crops in accordance with the prophecy of the onions.

The Iron Law of Caste.

As an illustration of the exclusiveness of caste, which a native of India will do almost anything to preserve, it might be mentioned that when money passes between a low caste and a high caste man the coin is thrown on the ground by the one and picked up by the other for fear of defilement. They may not stand on the same carpet or enter the same room. Neither must the low caste man cross the threshold of his superior's house or hut. If he wants to communicate with him he stands outside and bawls.

An Invitation.

"Mabel," he said, "I love you. I place my happiness in your hands"—

"For goodness sake," she cried pleadingly, "don't do it now!"

"Why not?"

"Because I'm quite sure I'll need both hands in a minute or so to keep you from kissing me."—Philadelphia Press.

FATAL ENDING OF NEGRO FESTIVITIES

General Rough House and Free-for-All Fight Saturday.

ONE NEGRO WAS KNIFED

Received Two Ugly Wounds by Knife Said to be in Hands of Fred Rawls. Both Men Arrested, and Both Were Assessed Fines.

Nothwithstanding the efforts of many of the peace-loving element who were present at a festival, or an entertainment of some nature, among the colored people at Jensen's hall, one of the resorts in the southwestern section of the city, Saturday night, those of an inclination to quarrel and fight were determined there should be a rough house, with the result that a general row and free-for-all fight, with no entrance fee, ensued.

The outcome of this was the severe wounding of Ed Hale, who sustained two gashes from a long-bladed knife in the hands of Fred Rawls. One of the wounds was inflicted in the side, while the other was received in the hip, both wounds of a painful, ugly and dangerous nature, according to reports.

The row occurred at nearly the midnight hour, and as soon as the fighting began those present, or those who could secure access to the windows and doors, did not hesitate to make their exit, going in every direction.

Hale was in great agony, when a friend summoned Dr. J. H. Hodges. The physician rendered surgical aid, sewing up the gashes when Hale was taken to his home.

Officers arrested Fred Rawls, Hale and Livingston Thompson, manager of the resort, but in the mayor's court the latter was discharged, there being no evidence that he was implicated in the row.

When arraigned before the mayor upon a charge of fighting, Rawls was fined $10 and costs and Hale $5 and costs.

Robert Brown, for riding a bicycle after dark without a light, was fined $1 and costs.

Chas. Gordon, discharging fire arms in city limits, $5 and costs.

SHORT TALKS BY L. T. COOPER.

LACK OF ENERGY.

No man or woman can be succesful or happy if they lack energy. If they get up in the morning dreading the days work ahead they will accomplish very little. A great many people are this way. The cause is lack of vitality. Vitality or energy is the power to go and keep on going without becoming more than healthily tired. It comes from a perfectly working system just as power comes from a perfectly working engine. If you lack this power something is out of order. Ten to one it's your stomach.

MR. A. G. LATUBYS.

Take two bottles of Cooper's New Discovery. It will get the stomach in shape. See if energy and ambition don't come back before the two bottles are gone.

This letter is from a man who tried it:

"After suffering for some time from stomach trouble, loss of appetite, headaches and a kind of 'all tuckered out' feeling I decided to try Cooper's New Discovery."

"I used to get up in the morning with my tongue coated and sick at my stomach. I would feel as though it was almost impossible to drag myself to work. Lots of times I had dizzy spells and backaches. After I used several bottles all these symptoms began to disappear and soon I began to feel like my old self again. Now I feel like a new man. It is a pleasure to work, for I always feel like it. I eat well, and sleep well and am sure I will have no further trouble with my stomach." A. G. Latubys, 167 Porter St., Detroit, Mich.

It is estimated that nearly half a million bottles of the famous Cooper medicines were sold during Mr. Cooper's recent demonstration in Chicago. We are agents.

There will be no material change in the business, both places being continued. The firm will be known as A. Chresostomidhes & Co.

Mr. Chresostomidhes is contemplating a trip to his old home in the island of Turque during the coming summer.

THE POCKET SAVINGS BANK EPIDEMIC RAGES FIERCELY .....IN GAINESVILLE.....

Beneficent epidemics are scarce, but such a one has struck Gainesville, and people of every station and occupation have the fever.

It is most interesting and instructive to study the constantly changing line of applicants for Pocket Banks as it files through The Sun's business office. There is the mother, bringing her daughter with her and securing a bank for the girl, another for herself, and inquiring anxiously whether she may have another for the boy who is at work. She receives it promptly.

Boys come—some are steady, serious-faced chaps who have begun to think on their own account, and who ask questions about the operation of the scheme which show the results of rubbing up against the world.

Then the High School girls and boys, gay and active, while the workman and business man "slip in" during the noon hour to get a bank for the boy or girl at home, after asking one or two leading questions to make sure there is no joke about the 25 cents.

.....THE PLAN IN OUTLINE.....

A HANDSOME NICKEL POCKET SAVINGS BANK and an order on

PHIFER BROS., BANKERS

Good for an additional 25 cents when a deposit of one dollar or more in cash is made, will be given to everyone who avail themselves of this opportunity. Make an investigation and you will never regret it.

Mrs. E. A. Perry and Mrs. Grace Conway and son, Master Phipps, have removed to this city from Hammock Ridge, and are pleasantly located at the home of Mrs. Annie Brown.

Donald M. Livingston, relief agent of the Atlantic Coast Line who has had charge of the station at Citra for the past few weeks, has been relieved at that place, having been transferred to Interlachen. He is a nephew of Deputy Sheriff Geo. W. Livingston of Newberry.

Among the prominent West Enders visiting this city is Jack M. Brown of Lottieville, an extensive cross-tie contractor of that place, and one of the most popular men in his section. Mr. Brown, who is a valued friend of The Sun, made this office an agreeable call. He states that Lottieville is on a genuine boom since the railroad has reached there. The town will soon have a depot, and other buildings are going up. In all, the town, the section and the people are prosperous.

We acknowledge a fraternal call yesterday from F. A. Warner of Jacksonville, special representative of the Florida Agriculturist, one of the most widely known and most popular journals of its kind in the country. Mr. Warner is here with a view of getting up a special edition of his excellent paper devoted to Gainesville and vicinity, and will appear before the Board of Trade this morning in the interest of the move. The Agriculturalist has just issued a special edition for St. Petersburg, which is a credit to the publishers. Mr. Warren will explain the proposition to his hearers at the meeting this morning.
